Management Corner

Trash cans should be placed on the curb after 6 p.m. the evening before regularly scheduled pick up, and cleared from the curb no later than 6 p.m. on the pickup day. Also, rubbish placed in trashcans should be stored in a bag or appropriate container to help reduce litter and pests.

A wading pool is a great way for little ones to play at home and keep cool in the summer months. However, these pools can pose a risk if stored improperly. Backyard "kiddie" pools should be emptied daily and removed when not in use to prevent accidental drowning. Pools must be lower than 12 inches tall and cannot exceed more than 10 feet in diameter.

One of the benefits of living at joint Base Charleston Family Housing is lawn care, however residents are responsible for cleaning pet waste in their yard. "Poop and scoop" is the mandatory policy and it requires the immediate removal of pet waste from yards, common areas and grounds in the neighborhood. Residents are also responsible for weeding your flower bed.
