## Hope you had the happiest of holidays!

Here are some Great Home Resolutions for 2018

1: Streamline the stuff.--

One of the best and least expensive ways to feel better about your home is to clear it of clutter.

2: Make it safe and sound.-

Your home may be beautiful,  
but is it safe?

Be sure to check smoke detector batteries, always lock up at night and before leaving the residence, empty the lint trap in your dryer.

3:Work out a weekly system for keeping your house clean.-

Keep all of your cleaners, as well as rubber gloves and spare cleaning cloths - in a portable carryall that moves with you from room to room.

Stash cleaning implements such as a toothbrush, scraper, sponge, a few cleaning cloths and plastic bags in a builder's apron that you wear when you clean.

Hook your glass cleaner and all-purpose cleaning spray on the loops to keep your hands free as you work around the room clockwise, cleaning from high (cabinets) to low (floors.)

Focus on one type of cleaning at a time. Wipe down fingerprints on all of the cabinets, for instance, before moving on to spraying and wiping counters. Then move on to windows and mirrors and appliances. Once that's done move on to sweeping and then mopping floors.

For optimum efficiency, enlist the help of your family. If you can, divide the jobs among at least three parties: One of you can do the dusting/vacuuming and changing beds, the other can do the bathroom cleanup, leaving only the kitchen and trash emptying for you to handle. The upside? You can get the whole house done in 45 minutes!
